| Triopark | | ● | ● | | B12–B13 |

● Recommended by Bauwerk Parkett ● Possible alternative

Note

- * when applying F5 on calcium sulphate flowing screed, apply first Bona D515
- ** Please use MS40 if Cradle to Cradle® certification is desired.
- ¹ Plies to oiled surfaces, for lacquered surfaces only use Bona lacquer.

General Information

- this table is applicable for examined, suitable subfloors for parquet such as cement-, calcium sulphate- and calcium sulphate flowing screed, chipboards and fibreboards.
- all types of glue listed in this overview are suitable for underfloor heating
- for any further information please address to your Bauwerk contact person
